## TROUBLE IN UNDERMINE! GALLYWIX DEAD?

*The Statue of Jastor Gallywix in front of the Gallagio, after the violent Mob tore it down (Photo: Vragga Shortfuse)*

Not everyday is it that noteworthy news reaches our ears from the distant Undermine! A dirty, crime riddled place, full of goblins! Yet, even for goblin standards, this one is out of the ordinary, as it is reported that Undermine has

been swept up in a violent revolution! Jastor Gallywix, former Trade prince of the Bilgewater Cartel, who reigned supreme in Undermine, is reportedly dead! But what, dear Reader, is behind these strange Events? Why was Gallywix missing for years, before returning on the scene and taking over Undermine? And is he truly the Villain of this story, or maybe an unsung hero? One can not talk about the extravagant goblin entrepreneur, without talking about his strong ties to Sylvanas Windrunner, former Warchief of the Horde. When the banshee queen went into her exile, so did Gallywix, and for years, no sign of him was seen. He only returned once rumours of strange Void incidents rose, which led to only one, clear Conclusion- Jastor Gallywix was using his vast capital to find a way to combat the Void! And suddenly, never before heard off, the various goblin cartels happen to band together, to topple his reign? A trick by agents of the Void, to stop his valiant effort to save our world from evil. May Jastor Gallywix be remembered as the hero, nay, martyr he is, trying to fight valiantly against the evils from beyond that encroach on our World.

# SCARLET SCUFFLE!

*The Scarlet we interviewed along with members of Stormwinds Military that approached the scene (Photo: Sylfaya Jadescale)*

On Sunday the 2nd of March, around 13th Bell, A Member of the Scarlet Crusade attempted to recruit members for their Organisation in broad Daylight, in the middle of Stormwinds Cathedral District. It took not long for people to take note, challenging the xenophobic preachings uttered by the Scarlet Woman. Before long, a Draenei Woman and a gnome Soldier got into a fierce battle with them.

On top, a second Scarlet Crusade member appeared. Upon request, they gave us a short Interview answering some questions:

*(Interviewer)I:* How long have you been part of the scarlet crusade?

*(Scarlet)S:* Since I was a young girl.

*I:* Ah, and is it true your organisation believes non-humans are inferior?

*S:* That's the old Order, ma'am. We believe in human rights, followers of the light.

*I:* Oh, so there is a difference between different groups of scarlets?

*S:* There is. There are the Old followers. The un-humans you can say.

I: I see, I see. Some years ago, a rumour circulated about the Scarlet Crusade having found a true heir to Lordaeron- do you know anything about that?

S: It's not true ma'am-

Unfortunately, the Interview was cut short by the Circumstances. The second Scarlet accused the first one of stepping over the line, and killed her. She was Subsequently escorted out of the City by Soldiers and Guards herself.

We are left to wonder what drove the Scarlets to enter the City, and so boldly recruit in the open. The Kittens Meow will stay on the case, as the Scarlets may hold secrets yet unknown!

# LAYING WITH THE WRYNNS

Tragic was the death of Queen Tiffin Wrynn...or was it?! What if our beloved Queen did in fact, not die, but instead fake her death, to divorce her husband and topple the Kingdom?

Picture this, dear Reader. A complicated Love Hexagon involving many of the Alliance Elite. Tiffin and Varian Wrynn, Turalyon, Edward VanCleaf, and at the center: Mathias Shaw, the Master Manipulator. When he charmed Varian Wrynn all those years ago, it all began. Tiffin Wrynn found out, and in her jealousy, orchestrated the Stonemasons rebellion. She then faked her own death, to divorce from her Husband, and joined Edward VanCleaf, who too had been scorned by his ex-lover, Mathias Shaw. Together, they had a child, Vanessa VanCleaf, True heir to the Throne of Stormwind, and they tried to topple the Kingdom for her to rule!

*The Queens grave, hidden away in the back of the Cemetery, unlike her Husband's memorial. Why? (Photo: Brook Johnson)*

While the Defias failed, and VanCleaf died, Tiffin continued to try and kill the King, until he faked his Death at the Broken Shore. My Proof? We scanned his "Grave" at Lions Rest with an X-Ray Machine, and it's empty! No body! But guess what, Mathias Shaw now conveniently has a new Lover, one Flynn Fairwood! Could it be King Varian in disguise?

After King Varians demise, King Anduin sat on the Throne, until he vanished. It has been years now, and Regent Turalyon, possibly another Lover of Mathias Shaw, now holds the Throne. But what if Turalyon or Shaw disposed of King Anduin Wrynn? Our investigations confirmed that there is indeed a body inside of Queen Tiffin's grave, so perhaps that's where King Anduins Body was hidden after his Asasination.

This means, of course, with King Varian unwilling to reveal himself again, that the Rightful Ruler of Stormwind, is none other than Vanessa VanCleaf! But is she still alive, or are the stories of her demise true? That, dear Readers, is a story for another time...

# DALARAN, AN INSIDE JOB?

One of the greatest tragedies of recent times, but what's behind the destruction of the magic floating city? The Kirin Tors official statement upon inquiry was that dalaran was destroyed by an "agent of the void".

But is that the truth? Why was the city moved to a new location mere hours before its destruction? Mysterious circumstances that demand further investigation.

One fact that we uncovered when talking to survivors was that there was an attack of "Nerubians"- Spider people! But how could there be Spider people inside the floating City, if Spiders clearly can't fly? Exactly, they must have had a man on the inside- none other than Khadgar! Celebrated as a lost hero, memorialized as a statue at the very gates of Stormwind City. Then, suddenly, he came back from Outland, still devil-ishly handsome, nobody suspected a thing. But what if, dear Reader, Khadgar never returned from his sacrificial trip through space? What if the Khadgar that returned was nothing but an imposter, a Dreadlord infiltrating the trust of all the high and mighty all over Azeroth? A

devastating revelation, but suddenly, the destruction of Dalaran seems a lot more understandable.

But what Fake-Khadgar is planning, what he is after, that we can not tell yet-further Investigation will be conducted...

# **WHAT SWORD? AN INVESTIGATION, PART 2**

I continued my Investigation of the gigantic Sword sticking out of Silithus. Around the Cracks, abandoned Goblin Machinery is scattered, remnants of the rush for Azerite during the fourth War. Azerite too still can be found, sticking out of the ground like sharp teeth. I talked to a Shaman of the Earthen Ring, holding Vigil, learning that several opportunists had tried to resume the Azerite Mining operations, but they had shut them all down.

*A View from above, highlighting the sheer devastation. (Photo: Sylfaya Jadescale)*

As I explored the area, with permission by the Earthen Ring, I could not help but wonder what this ominous attack had been aimed at. What Secret was hiding below these sands? One Subject that caught my attention was a few destroyed pillars that looked like Titan in Origin. I was unable to approach, as it was surrounded by Azerite Elementals, but perhaps the target of Sargeras Wrath was an unknown Titan Installation?

I continued my Tour through Silithus for a while, and it does indeed seem like all hives of the native Silithids have been wiped out. The Ruins of Ahn'qiraj appear to be unharmed, curious enough, but I did not dare enter on my own. It appears this concludes this Investigation for now, the conclusions i leave up to you, dear readers, to draw for yourself. Just remember, always think critically! I will return in future Issues with a new Series, so look out for that!
